

29-component uniform interpolation spline

49-component non-uniform interpolation spline

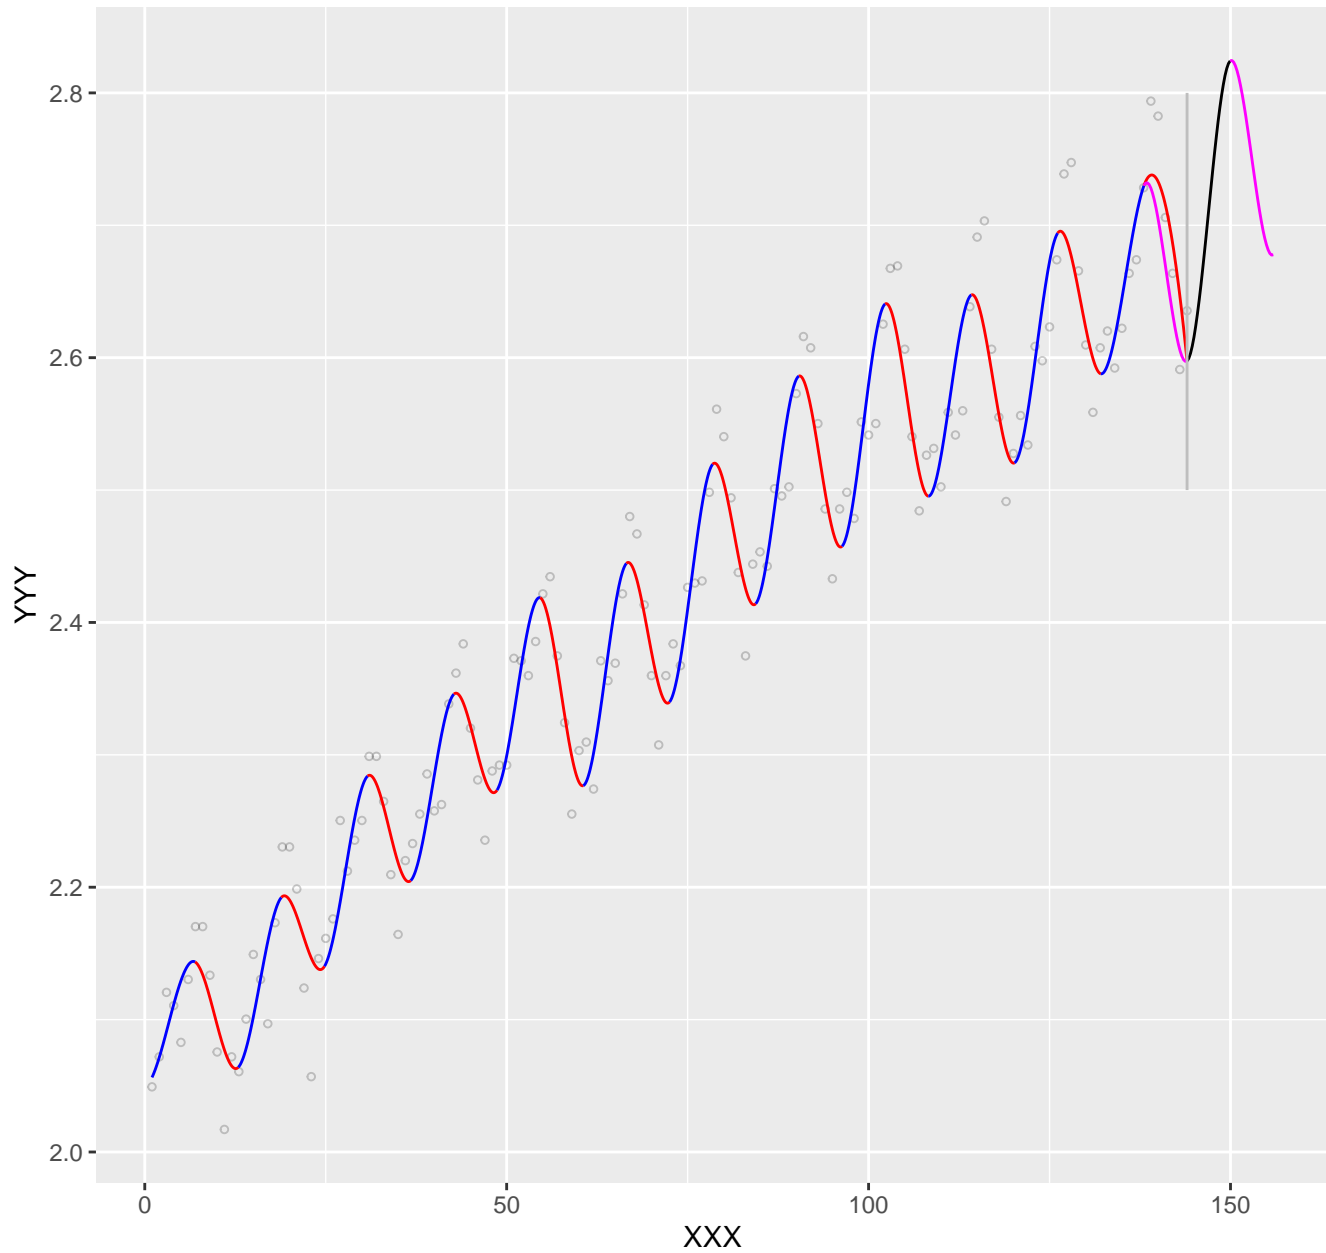

## Correcting and extrapolating derivatives

## Extrapolating upper and bottom function values

Smoothing log(AirPassengers) with a 24-component CICS, corrected last segment and two forecasting segments

4-component non-uniform interpolation spline

3-component non-uniform interpolation spline

Smoothing with a 21-component non-uniform interpolation spline

Smoothing with a 3-component non-uniform interpolation spline

Smoothing with a 3-component non-uniform interpolation spline

Smoothing with a 13-component non-uniform interpolation spline

3-component uniform interpolation spline

Smoothing with a 19-component uniform interpolation spline

## Correcting and extrapolating derivatives

## Extrapolating upper and bottom function values

Smoothing log(AirPassengers) with a 24-component CICS, corrected last segment and two forecasting segments
