

A decorative graphic consisting of a grid of colored squares in shades of teal, green, and yellow, arranged in a pattern that resembles a stylized letter 'E' or a comb. The pattern is composed of vertical bars of varying heights and widths, creating a rhythmic, architectural look. The colors transition from dark teal on the left to bright yellow on the right, with various shades of green in between. The overall effect is modern and abstract.

ClinicalBin

A 10x10 grid of colored squares, likely representing a heatmap of gene expression data. The colors range from dark blue to light yellow, indicating varying levels of expression. The grid is organized into 10 rows and 10 columns, with each cell containing a single square of a specific color.

A 10x10 grid of colored squares. The colors are primarily shades of blue, green, and yellow. The pattern is complex and non-repeating, with some squares appearing to be a mix of colors or having a gradient. The overall effect is a dense, textured mosaic.
